

Hot Wax RM 820

This liquid thermo wax produces a weather-resistant preservative layer which protects vehicles against corrosion. Contains natural carnauba wax. VDA-compliant.

NTA-free

Properties

- Effective thermo wax for use in vehicle and self-service washing installations
- Effectively protects for up to 1 month
- Effective with all water hardness levels
- Produces a high-gloss mirror finish
- VDA-compliant
- Tensides biodegradable in accordance with EEC 648/2004
- NTA free

Application areas:

Car dealership and garage:	Cars
Haulage contractors, bus operators:	Commercial vehicle cleaning
Self-service washing stations:	Cars, commercial vehicles, bicycles

Usage options

- High-pressure cleaners
- Car wash
- Self-service washing stations

pH

6.3

in concentrate

Container sizes

20 l
200 l

Part number

6.295-428.0
6.295-143.0

Application:

High-pressure cleaners

- Apply primary mixture with demineralised water (osmosis water).
- Set the dosage and temperature on the device
- 40-90°C processing temperature.
- Wet object completely with product.

Car wash

- Insert the product into the system.
- Set the dosage and temperature on the device
- 40-90°C processing temperature.
- Start washing programme.

Self Service washing system

- Apply primary mixture with demineralised water (osmosis water).
- Insert the product into the system.
- Set the dosage and temperature on the device
- 40-90°C processing temperature.
- Start washing programme.

Instructions for use:

- Avoid over-dosage.
- Use only on washed, well rinsed surfaces.
- Apply primary mixture only with demineralised water.
- Store away from frost.

Warnings and safety recommendations according to EC Directives:

- S 23 Do not inhale vapour/spray.
- Z 23 Data sheet available for professional users on request.

Further information:

- VDA certification
- Material Safety Data Sheet (MSDS)

Dosage and yield:

Contents:	Cleaning method:	Primary mixture:	Dosage:	Contamination:	Yield:
1000 ml	High-pressure cleaners	1+9	1-2 %		120 PKW
1000 ml	Vehicle washing plant		0.1-0.2 %		120 PKW
1000 ml	Self-service washing stations	1+9	1-2 %		83 PKW
